If your bags are packed and you're ready to go: the Retracta-Vu Pro Traveller is a self contained motorized rising arm screen for rental & staging venues.

Simply roll into place, plug-in and use the switch to deploy the screen from the case. Available sizes from 123" to 280" diagonal.

Available in sizes from 123" to 280" diagonal, Retracta-Vu Pro Traveller is available in 4:3, 16:9, 16:10, 2:35:1 and 2.40:1 formats.

No Assembly Required. Twin Vu surface available for rear projection
