

2018 Best of ISE Awards

Written by rAVe USA
14. 03. 2018

The largest and busiest **Integrated Systems Europe** in its 15-year history drew record numbers of exhibitors and attendees from around the world for four days of business, education and networking at the RAI Amsterdam between 6-9 February.

Throughout 15 halls, visitors could experience 1296 exhibitors, (294 exhibiting at ISE for the first time). They filled 53,000sqm of exhibition floor space (floor space already booked for ISE 2019 is 103% of this.)

The number of registered visitors by the end of the show had reached 80,923, an increase of 10.3% on the 2017 edition. Importantly, almost 20,000 visitors attended the last day of the show.

More than 30% of the total attendees were visiting ISE for the first time.

The gift that is ISE just keeps giving... and **rAve Publications has now picked their "2018 Best of ISE Awards** ."

2018 Best of ISE Awards

rAVe Publications Founder Gary Kayye explains about their 2018 ISE Awards: "You can't enter a product in them. You can't ask us to nominate you. And, you can't get an award by advertising or sponsoring us or paying for it. And, there are NO Awards entry fees!..."

"...We sent reporters to EVERY booth/stand at ISE 2018 and we selected the TOP products in every possible product category for our **2018 Best of ISE Awards**."
